

ORUBA Meeting
Thursday, Dec 8, 2016
9-10am
Uctr 111A

We'll have some HR and financial updates but would like to spend most of the time having an informal open discussion on whatever issues are most pressing for our respective units (grant funding, workload, staffing, space, challenges with processes, etc.) and have an opportunity to exchange information and see if there are any opportunities for shared resources. **Please RSVP and let me know if you have any specific discussion topic you'd like to add to the agenda.**
